## PROFILE

With approximately 1 year of experience in Testing and nearly 4 years in tutoring, I am a cheerful person, open to change for self-development. I am looking for an opportunity to collaborate with your company in the next phase of my career, with the goal of becoming a senior tester in the next 3-4 years.

## WORK EXPERIENCE

● **Mobile Service Joint Stock Company (MoMo)** 10/2023 - 4/2024  
**QC Intern**

- Training:
  - Acknowledge Testing
  - Software Testing Process
  - API Testing using Postman
  - Automation Testing using IntelliJ
- OJT: Tui Than Tai Project
  - Define and execute Test cases based on project specifications
  - Logged and tracked defects using Jira

● **Mobile Service Joint Stock Company (MoMo)** 4/2024 - Now  
**Junior QC Engineer**

- Ensuring the quality of new features/services of Tui Than Tai Project:
  - Participated in daily and planning meetings to discuss daily tasks and project progress.
  - Received tasks through Jira tickets and clarified Acceptance Criteria through Q&A sessions with the PO.
  - Analyzed SRS documents and designed test scenarios, while also writing detailed test cases.
  - Executed test cases to verify system functionality and performance.
  - Logged and tracked defects using Jira, ensuring timely resolution.
  - Wrote and sent test reports via email to the Project Team.
- Automation Testing:
  - Transfer test cases manual into test cases automation using IntelliJ
  - Run the automation checklist during the checklist up phases for app platform updates.
